BUSINESS TRIPS

Tools to plan an environmentally friendly business trip

Travel Less Without Loss

Within the TLWL project, the School of Life Sciences has established a series of recommendations to make business travel more sustainable. EIP companies are encouraged to use them as a guide for their travel policies.

More info : go.epfl.ch/tlwl
 BeAware.SV@epfl.ch

To travel more sustainably

- Choose videoconferencing or the train for destinations less than 6h away
- Plan your trip with routeRANK
- Limit the impact of plane trips by choosing direct flights in economy class

CO₂ offsetting

EPFL laboratories and units have the opportunity to offset the CO₂ emissions generated by their trips, for example thanks to myclimate, a foundation that is one of the international leaders in carbon offsetting.

go.epfl.ch/plane

Studies

EPFL has undertaken **3 studies** in order to define an exemplary travel policy.

33% of EPFL's carbon footprint is attributed to business trips (11,015 tons of CO₂/year).

Did you know ?

According to EPFL studies, it would be possible to reduce the carbon footprint by **20 to 30%**, and choosing economy class rather than business class would cover a large part of that reduction!
