

Sustainability Leaders Think Tank

Every second Thursday of each month - 12.30

The objective of this community is to create links between the collaborators of the Park interested in Sustainable Development.

You will have the possibility to network with other companies of the Park, exchange, raise questions and share company needs on Sustainability matters.

The events are freely open to all companies of the EPFL Innovation Park.

Those who wish can join us for lunch at 12.00 in the lounge of building C or come directly to the SLTT session at 12.30.
