

Mobility Charter

Mobility Charter between EPFL Innovation Park and the company _____

Specify the name of the company

By signing this charter, our company commits itself to:

- **Promote, in general, any alternative solution to the private car** among our employees in order to limit traffic on the roads, and work to optimize the use of parking spaces and in this way create better accessibility of the site in the medium and long term.
- **Internally appoint a contact person, called a mobility respondent**, whose role is to:
 1. Relay information and communication tools;
 2. Forward to the EPFL Innovation Park any information, problems and suggestions for improvement concerning the system;
 3. Participate in our Mobility sessions.
- **Find out** about mobility options on our website epfl-innovationpark.ch.
- **Contribute to the mobility analyses and surveys** proposed in the mobility plan.
- **Actively participate** in Mobility events at the EIP and promote them to other employees of the company.
